### **MULTI-USE TRACK ROAD COMMITTEE**

The Multi-Use Track Road Committee (MUTR) was formed in 2011 to approve and implement a design plan for a multi-use pathway along Track Road from Sudbury Road to White Pond Road. It is our goal to make this “stunningly beautiful” Assabet River corridor in Stow more accessible for this and future generations.

This year we accomplished the following:

- Met with the towns of Acton and Maynard, the Assabet River National Wildlife Refuge, the trail land owner, and the local and state departments involved.
- Held an open town forum and analyzed survey data regarding trail uses and users.
- Set up a web site with data, photos, and user friendly links to numerous trail resources. The site to visit is: [www.stow-ma.gov/pages/StowMA\\_BComm/StowMA\\_Track/index](http://www.stow-ma.gov/pages/StowMA_BComm/StowMA_Track/index)  
Please visit for a more complete description of our project.
- Prepared and obtained approvals for a contract with our design firm AECOM. This firm is also working on the Acton and Maynard portions of the Assabet River Rail Trail.

This committee has set the following goals for 2012:

- Complete and present alternate design plans to the Town of Stow at an open forum for review and comment.

- Make recommendation to the Selectmen for the optimal design option.
- Establish working relationships with local and state organizations involved with trails.

### **POMPO USE STUDY COMMITTEE**

The Pompo Use Study Committee, which reports to the Board of Selectmen, is composed of five members, each serving an indefinite term. The Committee is responsible for finding the best use possible for the Pompositticut School Building after the Nashoba Regional School District has vacated the Building.

After gathering information by utilizing on-line surveys, newspapers, public forums and interviewing those departments, groups and businesses that are interested in space at the Pompositticut building we have confirmed that there is a great need in the town for a community center. It is our mission to be sure that everyone is heard and we deliver an accurate and well-planned idea for the building.

On November 22, 2011 the Board of Selectmen voted to extend the charge and terms of the Pompo Use Study Committee, and allow it to continue its work as the newly created Community Center Building Committee.

### **STOW MUNICIPAL AFFORDABLE HOUSING TRUST**

The Stow Municipal Affordable Housing Trust (SMAHT) was established by Town Meeting vote on May 16, 2005, when the Town voted to accept the provisions of MGL C44 s 55C, paragraphs (a) through (j) inclusive, establishing a municipal affordable housing trust fund. In May 2008, Town Meeting voted to adopt special provisions in the Town of Stow bylaws which guide the activities of the Municipal Affordable Housing Trust. These provide for a Board of Trustees consisting of seven trustees to be appointed by the Board of Selectmen, one of whom
